For the longest time, black swans were believed to be mythical creatures. Today, when we know for a fact they exist, they still lend their name to describe unexpected events that come as a surprise and create a far-reaching ripple effect. There is no doubt that the Black Swan will live up to her name

M/V Black Swan offers plush accommodation for up to twenty guests in her ten en suite luxury cabins. No less than three are master cabins, each situated on one deck. The remaining queen and king-size en suites will be convertible into twins, allowing great flexibility for diverse or multigenerational parties. One multipurpose room on the lower deck can double as a single cabin or be transformed into a playroom, a PlayStation lounge for kids, a media cabin or an office.

Her ample common spaces are ideal for a great time together as well as wonderful moments in privacy. Relaxation seekers will appreciate the many areas for soaking up the sun, from the expansive sundeck with sun loungers to the fly deck Jacuzzi where bubbly sunsets pair perfectly with a glass of champagne. Adventures are always on option, with water toys galore including jet skis, water skis, sea bobs, SUPs, a water slide, and more. Those who favor solid ground will love the e-bikes that make it easy to spontaneously explore islands and shores.

With seamless communication between the indoor lounge and aft deck, her expansive main deck can host a variety of themes and feels. Opportunities for cozy and quiet moments sit scattered throughout. Guests can enjoy morning papers over an espresso by the library nook, sip on whiskey in the cigar corner and relish romantic whispers by the upright piano. Outside, sunset cocktails and dining al fresco come immersed in the gorgeous Adriatic sceneries
