

CAKEWALK

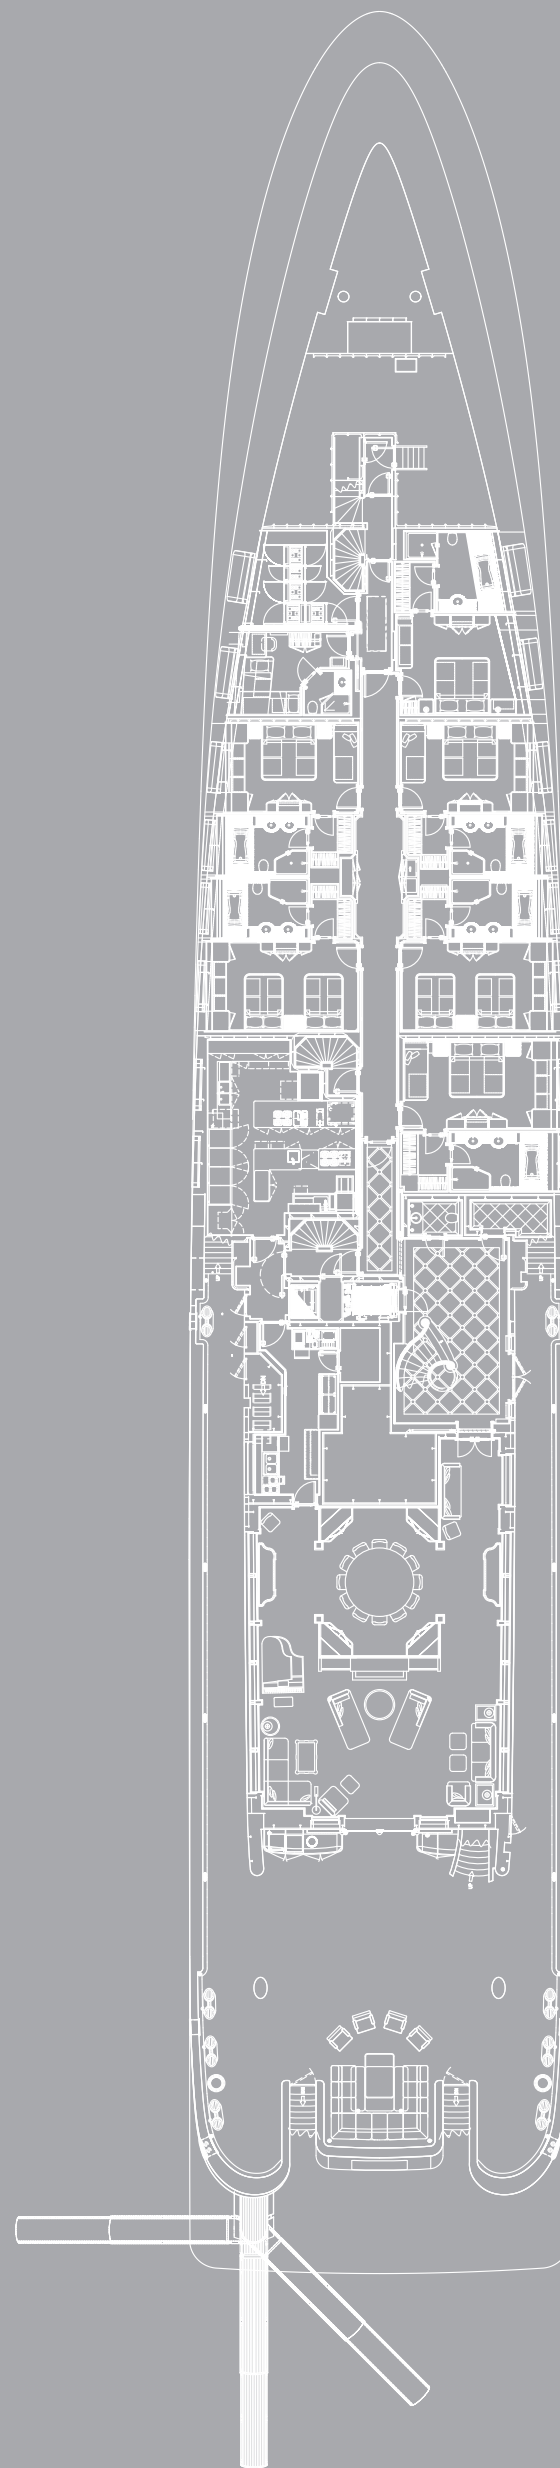

AN AMERICAN MASTERPIECE

She is a triumph of engineering, of design, of vision and collaboration. Most of all, Cakewalk is an extraordinary feat of American craftsmanship. Welcome to the largest personal yacht built in America in nearly a century, and the largest yacht by volume ever built in the U.S. From the classic Heywood curves to the exquisite custom joinery and timeless appointments, Cakewalk is a celebration of the hearts and souls of hundreds of skilled hands, coming together to create an American renaissance in quality. Come aboard for your journey of a lifetime.

THE MAIN DECK

INTIMACY ON A GRAND SCALE

The elegant swirl of the central staircase, majestically ascending four decks from the main, sets the inviting and expansive tone. Here grandeur is matched equally with graciousness and warmth, from the stunning dining rotunda to the rosewood-paneled library. Cakewalk extends to her guests a peerless level of comfort. All six of the guest cabins enjoy expansive space and views, the result of being here on main deck. And each guest suite is a singular work of art.

THE OWNER'S DECK

LUXURY DESIGNED TO BE LIVED IN

Among the six cascading decks is the owner's, a seven-room sanctuary whose focal point is the theater room paneled in cerused oak. The tone is one of casual elegance. Here is a place for family gatherings both inside and out, with Cakewalk's premier outdoor dining area at one end of the deck and a spa at the other end. There is no place in the world to call home quite like Cakewalk.

OWNER'S ACCOMMODATION

- Full Beam Accommodation with Panoramic View
- Stateroom with King Bed, A.V. System and Lounge Seating
- Separate Study and Lounge Area
- His & Hers Heads with Jacuzzis

- Lounge Area
- Powder Room

AFT DECK

- 3 Lounge Areas
- Dining Table that Seats 14

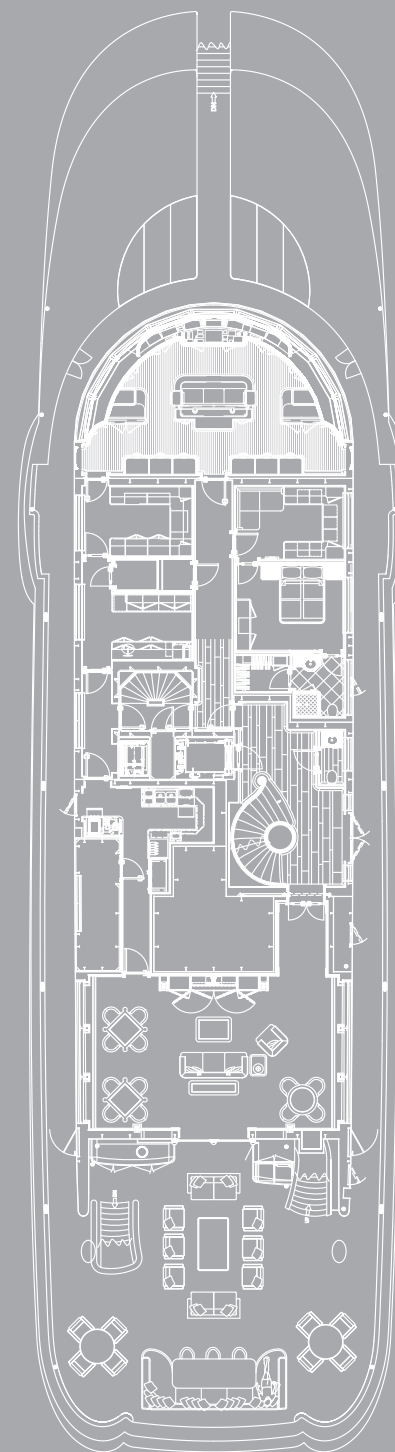

THE OWNER'S DECK FULL BEAM STATEROOM WITH PANORAMIC VIEW, SEPARATE STUDY & LOUNGE AREAS

THE BRIDGE

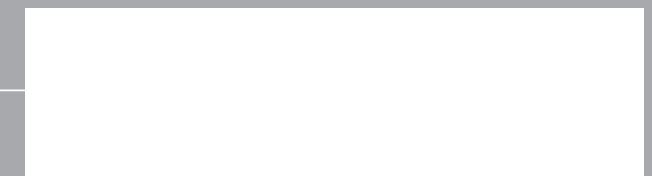

A HEARTBEAT THAT'S STATE OF THE ART
Casual kicks in and kicks back, punctuated by the pecky-cyprus ceilings and rattan furnishings in the card room. It is also here that the heartbeat of this superyacht can be seen in action. On deck are the commanding bridge, captain's office, crew's office and radio room. Aboard Cakewalk, state-of-the-art navigation and security systems are the status quo.

BRIDGE DECK

THE TOYS

THE GOLD STANDARD OF THE SEA

A superlative cache of toys brings a special brand of exhilaration to the Cakewalk experience. The tenders tell the tale of Cakewalk's inimitable attention to detail. Housed in a capacious, climate-controlled garage, all three are finished to the same high quality as Cakewalk herself, making it a seamless experience for guests—a magical spell that can't be broken. This is the Cakewalk standard: perfection that goes beyond.
