

CLOUD

the most luxurious of adventures

The 60m (196.9ft) Cloud 9 with her elegant and contemporary interior and immaculate blue hull, offers luxurious but relaxed living. Designed by Andrew Winch and built by CMN, Cloud 9 accommodates 12 to 14 guests in seven cabins.

An impressive 500m² of light, open living space is spread over five decks and each deck is linked by a dramatic central spiral staircase which wraps around a spectacular glass sculpture. A wealth of different materials creates a beautiful palette of texture, from polished Marron Imperial marble and burled plane wood, to woven leather panelling. The attention to detail throughout the yacht is exceptional. Even the detailing in the carpets underfoot echoes the architectural shapes overhead.

With a range of 5,000 nautical miles and a deeper than usual hull, Cloud 9 is extremely smooth and quiet underway and has a proven track record as a fully equipped, tried and tested world cruiser.

Let the adventure begin...

Wide open deck spaces offer relaxed living for 12 to 14 guests

sun deck

The 65m² sun deck features a jacuzzi with sunpads, a wet bar, barbecue, shower and day head. Glass doors can be closed to create a more sheltered al fresco dining area without spoiling the view. The huge sunbed aft allows uninterrupted views over the stern.

Sheltered dining on the sun deck aft

bridge deck

The bridge deck aft is a comfortable area for lounging and a natural gathering place for enjoying sundowners before dinner in the perfectly conceived indoor/outdoor circular dining room with its floor-to-ceiling sliding glass panels. The sky lounge is bright and airy during the day and cosy in the evenings. Curtains can screen the dining area off and allow the space to be converted into a cinema. A VIP guest suite with a private balcony is located forward to port and a versatile twin pullman guest cabin converts to a gym or massage therapy room, as required.

Dinner is served on the magnificent indoor/outdoor bridge deck aft

The VIP bathroom

main deck

The central foyer features a dramatic sculpture which casts light off glass shards onto the ripples in the oxidised bronze panelling behind. There is an indoor formal dining area, a comfortable main saloon with pop-up television, a bar and a huge main deck aft. The large rectangular table on the aft deck offers another option for dining, or it can be lowered and the centre leaf removed to create a place to relax, play games or welcome guests for a cocktail party.

The entire main deck forward is dedicated to the master suite. The space is divided visually rather than physically with a study and chaise and 'his' bathroom to starboard, a circular bedroom with 'her' marble bathroom, walk-in dressing room and vanity to port. Steps lead up to a private full-beam observation lounge with whisky bar, library and chart table.

lower deck

Two double cabins with bath tubs and two twin cabins with shower rooms are located on the lower deck. The twin cabins can both be converted to doubles, as required. Each guest cabin has a desk, television and ample wardrobe space. All guest cabins have excellent headroom and are beautifully finished in maple, walnut and Marron Imperial marble.

A photograph of a boat's water slide. The slide is white and curved, with water splashing out of its opening. The boat's deck and railings are visible on the left side. The background is a clear blue sky with a large amount of water splashing in the foreground, creating a dynamic and refreshing scene.

watersports

Cloud 9 has a vast array of watersports that can be enjoyed from the beach club. Water slide, SeaBobs, Sea-Doo jetskis, paddle boards, wakeboards, kayaks and all the inflatables. There are three tenders: a 7m Novurania chase tender, a 6.7m Sport Nautique custom ski boat and a Castoldi jet tender.

Cloud 9 carries an extensive inventory of water toys
