

E-BROCHURE

Crossbow

CROSSBOW is the work of two design powerhouses, with naval architecture by Farr Yacht Design and styling from Nauta Design.

Together, they have created a modern and sophisticated yacht, packed with sensational features, such as the panoramic deck saloon and flush deck.

The saloon, surrounded by 270-degree panoramic windows, is the social heart of the yacht, where guests may relax sitting on the comfortable sofas.

CROSSBOW provides accommodation for up to eight guest in the utmost comfort and style.

A generous sunbathing area, located between the crew and the central cockpit is dedicated to guests.

This performance sloop is built for long-distance cruising but is just as happy around inshore waters and will entertain sailors of all experience levels.
