FOR CHARTER

OCEANCO | 90 M (295.27 FT) | 2018

DAR

Built by Oceanco, with exterior design by Luiz de Basto Design and interiors by Nuvolari & Lenard, the 90m yacht **DAR** is now exclusively offered for charter. DAR's layout deviates from contemporary yacht designs. Nearly 3,000 gross tons of volume have been allocated to each feature, providing **ample space**.

DAR can accommodate up to 12 guests in **complete privacy**, thanks to its unique setup. Designer Nuvolari Lenard has crafted welcoming interiors that seamlessly connect to the yacht's highly versatile exteriors. Her impressive features include **an owner's deck**, complete with a **private salon and jacuzzi**, a **spa**, and an **impressive beach club**.

WATER TOYS

Extensive list
of water-sports

The entire vessel exudes a **seamless elegance**. Glistening white balconies and walkways, along with the roofline, sheer line, transom, and bridge, create an illusion of perpetual motion, especially accentuated by the sharply angular bow.

White streaks appear suspended in time against the backdrop of the deep black hull and reflective mirror-glass superstructure, adding an extra layer of **captivating allure** to the scene.

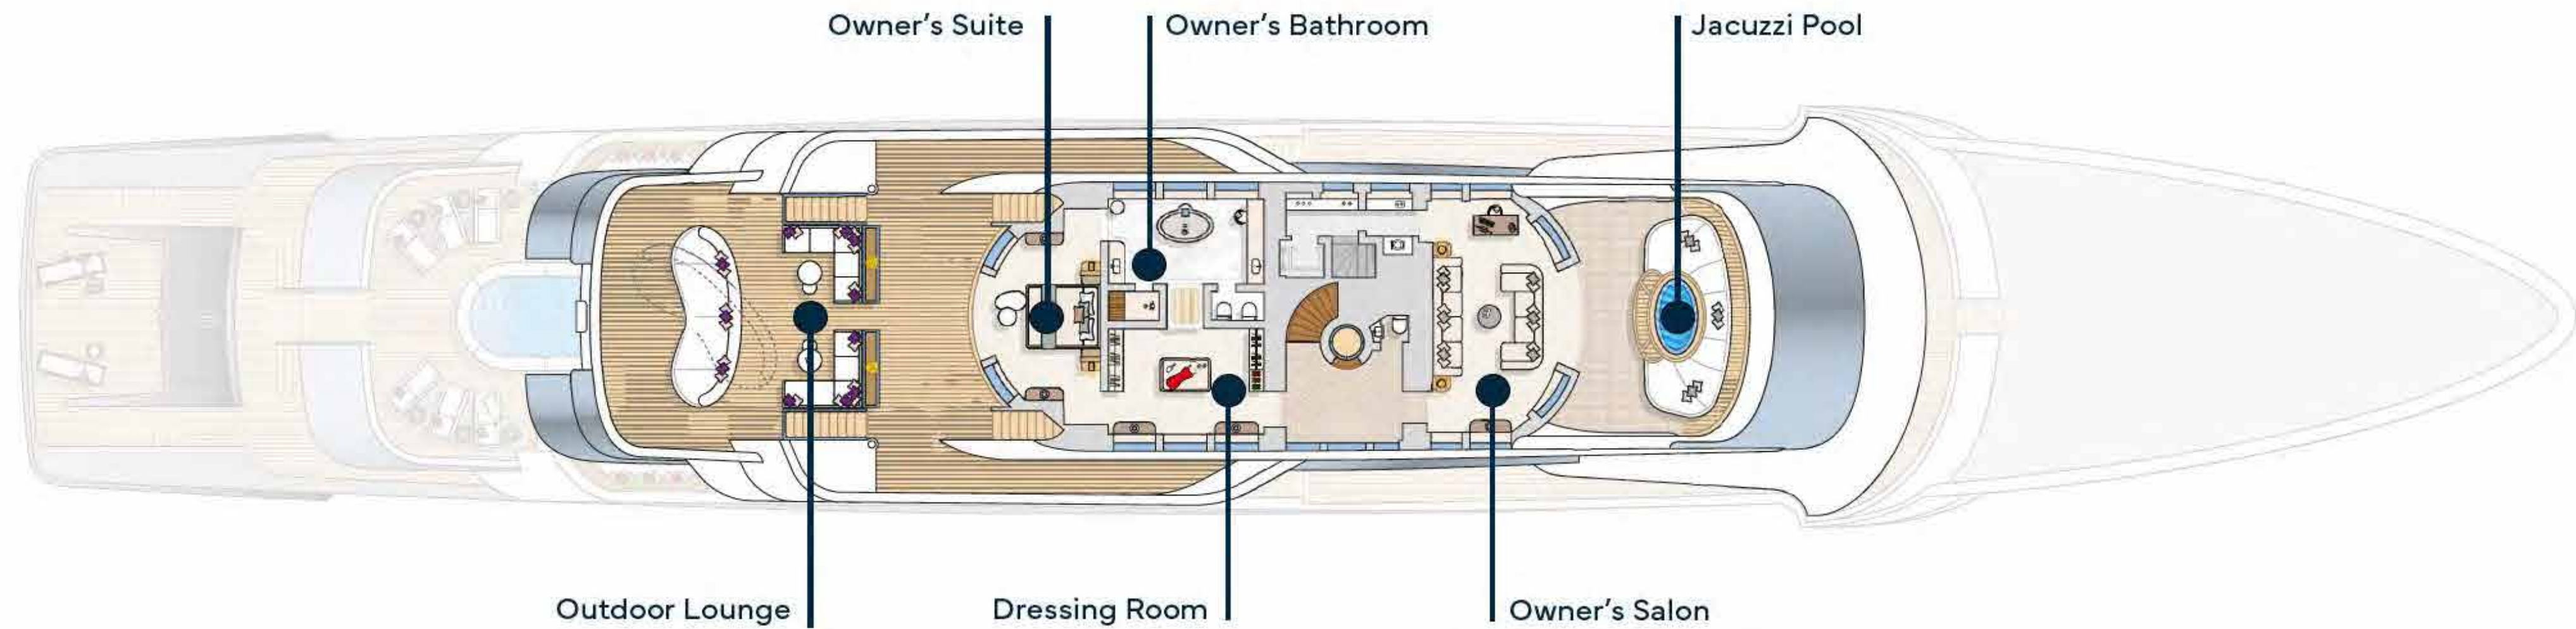

DAR LOOKS LIKE
NO OTHER YACHT.

SEA-LEVEL ENTRANCE

Enjoy a leisurely drink **right at the water's edge** or take a thrilling dive straight into the sea.

TENDER GARAGE

A dwelling for the two exceptional 10.5-meter Hodgdon tenders

TWIN-WIN TENDERS

The two exquisite 10.5-meter Hodgdon tenders epitomize unparalleled excellence.

Both the limousine and open tender showcase a **perfect blend** of **speed, stability,** and **exquisite craftsmanship.**

These tenders stand as a seamless extension of the yacht, embodying the highest standards of quality and luxurious comfort.

ELEGANCE & PRIVACY

Enter the **realm of unparalleled elegance** with the extraordinary glass feature. Nearly 400 square meters of sheer translucence, a one-of-a-kind one-way polarized trompe l'oeil. From the inside, gaze out with absolute clarity, while from the outside, an impenetrable veil of privacy envelops the space.

This remarkable paradox of **total privacy** coupled with complete clarity is achieved through the meticulous thermo-bonding of 3-meter by 1.8-meter sheets of glass to the aluminum superstructure. The glass thickness gracefully varies based on its position, with 112 panes being concave, and 28 showcasing a unique combination of both concave and convex elements.

An aerial photograph of a modern architectural structure, possibly a bridge or a large walkway, extending over a body of water. The structure features a central walkway with a double-line border and several small, glowing lights along its edges. The surrounding water is dark blue, and the sky is a mix of deep blue and orange, indicating a sunset or sunrise. Large, dark clouds are scattered across the sky. The word "SPECIFICATION" is overlaid in a bright green, bold, sans-serif font in the center of the image. A thin vertical line runs down the center of the image, ending in a small black circle just above the text.
