Build and refit

Dream began life as passenger ship, and it's thanks to the vision and ambition of her owner that she will now serve long into the future as a premium charter yacht.

A transformational refit undertaken at Olympic Yacht Services in Greece saw a complete redesign and rebuild of her hull and superstructure. The bow was lengthened to bring her exterior aesthetic more in-line with modern superyachts, and the stern was re-shaped so as to incorporate a sizeable beach club which is revealed when the transom door is opened.

Completed in 2018, today *Dream* is an icon of the international superyacht fleet, providing luxurious comfort and showcasing the owner's passion for the sea.

Dream adheres to impeccable superyacht standards and has a fantastic reputation amongst the lucky few who've had the pleasure to be aboard.
