M/Y JOY Filippetti Fly 76

The heartbeat of the Filippetti Flybridge 76 is elegance. A revolutionary concept was created to meet the needs of the most refined and demanding owners.

In this context, space becomes the key element in this masterpiece of naval architecture: the Filippetti Flybridge 76 features a living zone on the main deck of unprecedented dimensions..

The exterior of the Filippetti Flybridge 76 is head-turning and elegant with an outdoor dinette.

Ample and comfortable, the interiors offer relaxing navigation.

Below deck, the night area consists of 4 double cabins, each with en-suite bathroom, LCD TV and a spacious wardrobe. If you're looking for fun, the main deck of the yacht is the right place: a huge salon is furnished with sofas, wet bar, and entertainment system. If, on the contrary, you're looking for peace and quiet, you can relax on the flybridge: two staircases give access to the upper deck, where you can enjoy sea breeze and sun in the relaxation area equipped with a sofa, a bar and a spacious sun pad.
