LE VERSEAU

The 40M Superyacht, Le Verseau was built by the UK shipyard Princess Yachts in 2016. World renowned for its leading innovation in boat design, the flagship Princess 40M exemplifies the quality and luxuriousness of the modern super yacht world. The sleek looks of Le Verseau disguise the tri deck yachts enormous interior. At 395 gross tonnes, she is at the forefront of interior volume for this size range of yacht. The clever minimalist open design gives you a feeling of a yacht of superior size and class.

With her clean contemporary styling and bespoke Armani and Fendi touches throughout Le Verseau immediately captures your attention. The beautifully handcrafted interior offers the ultimate experience of opulence, whilst her exterior deck spaces provide a diverse arrangement to suit all occasions; whether that's elegant alfresco dining on the upper deck, or a more relaxed informal gathering for drinks in the cockpit or sundeck areas.

Le Verseau was designed for comfortable long range cruising. The deep v resin infused hull lends itself to comfortable, precise handling, coupled with the digital ABT Trac 440 stabiliser system she delivers excellent sea keeping abilities in a wide range of weather conditions.

Le Verseau boasts a garage full of toys and tenders to occupy the most adventurous of guests; whether that's a high speed adrenaline ride on one of our jet skis or rekindling a lost passion of waterskiing or wake boarding behind our Williams 625 Jet tender. For the more sedate experience why not take our paddle boards and open top kayaks to explore the beautiful coastlines and beaches of the Mediterranean.

Without hesitation, you will see that Le Verseau has been meticulously maintained over the years. It's been a priority of the owners that the crew preserve her high quality finish. From the hand laid wenge planked flooring and the impressive walnut satin carpentry, to the bespoke upholstery throughout, it is clear that no expense has been spared to ensure this yacht remains in showroom condition.

Le Verseau offers a truly unique experience for enjoying Mediterranean cruising. The award winning design and her experienced crew of 7 will elevate your yachting experience to ensure you have the most unforgettable charter.
