## FORGET EVERYTHING YOU KNEW ABOUT CROATIAN SHIP-BUILDING

Down here on the sun-kissed banks of the Adriatic we've been building yachts since the Venetians, the industry just went to sleep for a while. Now shipyards the length of the country have re-opened their doors with a flurry of activity, and the Croatian yachting landscape is changing forever.

Welcome to the new breed of luxury Croatian charter vessels 100% made at home: modern, stylish, and designed for maximum fun - always with hydraulic watersports platforms at the stern and full-length sun terraces on the top tier (the locals call them sundeck sailers).

## SIZE MATTERS

But not all these newcomers are made equal. We present Life Is Good, the latest and largest in the modern style, only completed in 2022. Instantly recognizable with her unique brushed-steel grey hull, she easily dwarfs her peers with her unmatched 40M alloy composite mast and 200M sq of competition rigging, the largest in the Adriatic at a full 15M taller than her nearest rival. She is also one of the few to boast a full ocean-going international ship's licence. This is the one the boat owners talk about in the bistros.

This eco-yacht is built with the latest technology and lifestyle features. Her 250M sq of living space starts with a generous salon featuring an integrated bar and island buffet with retractable flatscreens. Interior styling is provided by the renowned Interijeri and Ximar.

## ALL OUR CABINS ARE VIP

Below deck you will find 4 super-sized walk-around doubles with en-suite, 2 convertible to twin, book-ended by 2 full beam master staterooms with en-suite and walk-in closets. There is also a nanny cabin (small) on the top deck behind the pilot station. Fast Wi-Fi and 24hr a/c come as standard, as do an experienced crew of 8 who will know what you need before

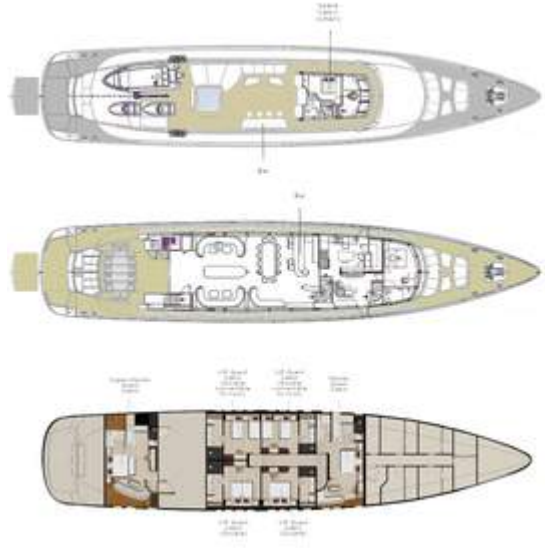

# SPECIFICATIONS
