FEEDBACK

The team and crew for LUPUS MARE have been unbelievably professional and helpful! They are incredibly fast at responding and have accommodated every request my clients have had. Whether that is hiring a different band for each evening onboard or organising a personal tour guide for each island they visited. No request is not possible. They will do their very best to make anything and everything possible.

My clients had an amazing time on board and are already planning next year's trip, with the possibility of taking 3 weeks! I really look forward to seeing the new LUPUS MARE in the Spring.

Thank you so much to the crew and team. I promise you I will be booking many more charters on LUPUS MARE!

Best Regards,

FOOD

Gastronomy experience

Our chefs are specialized in Mediterranean cuisine, however they can adapt to any guests' wishes. Chef Ida has years of working experience in the best fine dining restaurants and has been our chef for two years. She believes in slow cooking approach and always tries to get the best and freshest ingredients. With Ida you will try the best local dishes Croatia has to offer.

Her sister Eva is our sous chef and pastry artist. She has years of experience working as a head chef in Japanese sushi restaurant and uses every chance to get a fresh fish in order to amaze our guests with sushi.
