

E-BROCHURE

Severin*s

Fresh from the yard, this 55m custom-built motor yacht from Baglietto boasts a striking white and blue hull and the soft and sleek lines synonymous with the Italian builder's traditional T-line series.

Francesco Paszkowski Design is responsible for the exemplary design both inside and out, with expert help from Margherita Casprini in creating the luxurious interiors.

Inside, there's a lavish central lobby with marble lift that connects the three decks, while the main deck salon aft is the place to unwind in style.

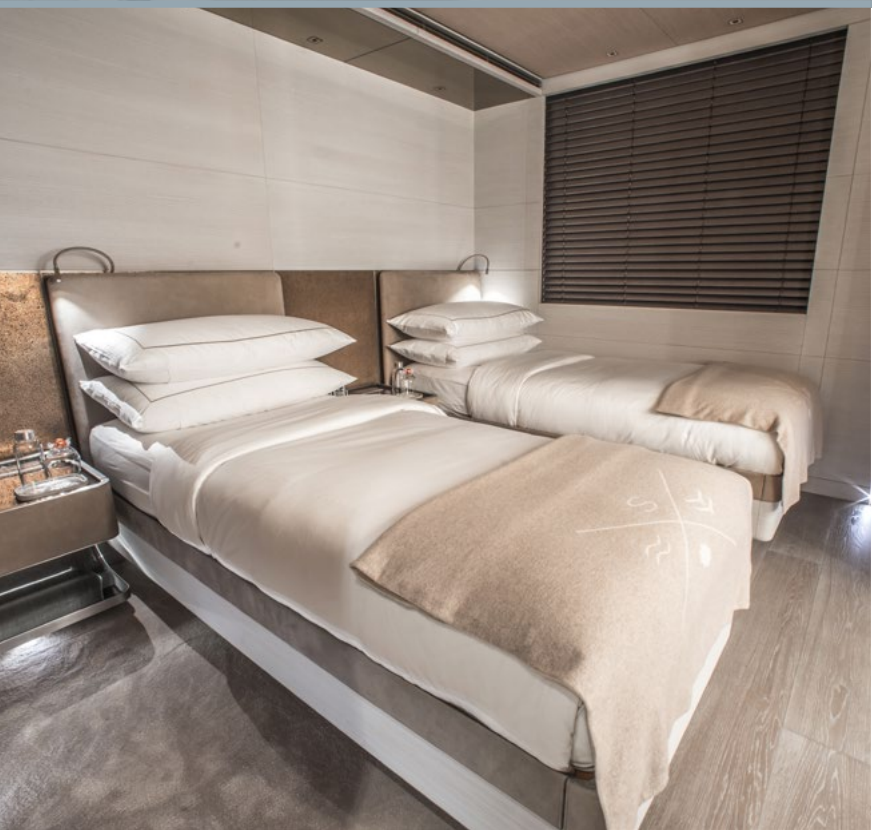

This chic area has teak decking leading to an in and out area, with the option to be fully opened or enclosed by a window for a more intimate feel, a cool bar area, plus a swish, round dining table for 12.

SEVERIN*S can accommodate 12 guests in six comfortable cabins including a huge master suite, a double and a twin on the main deck, two VIPs on the lower deck and a multipurpose area on the bridge deck that can either serve as a sixth cabin or convert to a massage room or a play area.

There is also space for 13 crew ensuring you and your guests will be well taken of for the duration of your charter holiday.
